Deleting preferred wireless networks on Mac OSX

Troubleshooting · https://www.smarteye.eu/docs/deleting-preferred-wireless-networks-on-mac-osx-2/

Symptoms

- **unable to connect to wireless network due to new wireless settings**
- **delete a saved wireless network**

Resolution

1. Click on the Apple icon in the top left-hand corner of the the screen in the Menu Bar.

2. Select System Settings...

3. In System Settings, click on Wi-Fi

4. In the Wi-Fi preferences, click on the ellipsis icon next to the network you wish to forget.

5. Next click on Forget This Network...

6. To remove the network in the pop-up click on Remove
